

COURSE DESCRIPTION 2016-2017

Course: Building Confidence in Maths	Awarding body: N/A
Tutor: Helen Dee	Course length: 5 weeks

Course summary/aims:	A basic level course to develop confidence in maths using aspects that we all use every day as a starting point. It also includes some games and quizzes that encourage familiarity with numbers.
Course objectives:	<ol style="list-style-type: none"> 1. To develop money skills to incorporate not just addition and subtraction but division as well. 2. To use familiarity with time to develop planning skills. 3. To appreciate number lines using temperature as a starting theme. 4. To be able to measure and weigh accurately. 5. To use scaling principles for recipes and house hold tasks.
Course content:	Ability to count money, give change, divide bills and start to budget. To plan time sensitive activities. Use maths in a practical way to accomplish household chores.
Teaching and learning methods:	The course will be run in a friendly and supportive way. We will learn skills together with the tutor demonstrating and talking through problems. Learners will then do some practice until they are happy that they have mastered the skill. Fun activities are incorporated in every session.
Course level/entry requirements:	Pre-entry level.
How progress is checked during course:	There will be informal checks made throughout each session.

Extra study or practice required at home?	Not required but will help build confidence.
Formal course accreditation? If yes, how is the course assessed?	No
Materials you will need to bring to the course:	Pen and paper.
What can I do next?	Entry Level Maths course.

Information, Advice and Guidance sessions are available on request (it is best to make an appointment).

If you feel you may need some support eg. with English, Maths or ICT, please ask.
