

FLARE

“ I completed some work experience with a builder for 2 weeks which gave me lots of practical work experience and skills. ”

“ I came to get some qualifications and to build my confidence after being bullied at school. ”

FLARE and Bridge-2-2 are run by CLIP at each of our three centres - to find out more, drop in or contact one of our Course Tutors:

“ I worked on my English, Maths and IT as well as many vocational qualifications in confidence building, job skills, teamwork, relationships and much more. ”

“ I gained an apprenticeship and left the programme with a job and qualifications. ”

FLARE BRIDGE-2-2

Flexible programmes for young people aged 16-18 to progress to college, apprenticeship or employment

Market Rasen, Gainsborough or Mablethorpe

www.cliplearning.com

CLIP (formerly CG Partnership) is a social enterprise dedicated to widening participation in learning.

FLARE

FLARE is a practical study programme for 16-18s that is built around your needs. It is designed to relate to the working world and you will develop your confidence and skills.

You can gain qualifications at Entry or Level 1 including:

Award in Skills for Employment and Further Learning
English and Maths

Occupational tasters can include a wide range of possibilities - social care, retail, customer service, digital photography, painting and decorating, cooking, planning a trip - and much more!

On Flare, we also visit employers, have people come in to talk and go on trips. We explore many topics that students have chosen - including community projects, sport, camping and enterprise projects.

You will also have the opportunity for a work placement when you are ready. We help you move to the next step - whether this is further learning or employment.

If any of this sparks an interest, get in touch now!

BRIDGE-2-2

Bridge-2-2 is for young people who need a bridging course to be able to apply successfully for apprenticeships and longer vocational courses at Level 2 or 3. It can include GCSE.

Qualifications are mainly at Level 2:

Award in Skills for Employment and Further Learning
English and Maths at Level 2 or GCSE.

A good quality work placement is a key element of Bridge-2-2

As with FLARE, occupational tasters can involve many possibilities and we'll seek to adapt the programme to your interests.

On Bridge-2-2, we expect course members to develop a clear personal goal quite early in the course so that we can focus on your "bridge to success"!

How do I join?

You can be referred by your parents, school, careers advisor, another support worker or just drop in to see us at your nearest CLIP community learning centre (see back of leaflet for details).
